

# Tun Table

## The Centre of the Conversation

The Tun Coffee and Side Tables feature a strong silhouette and work as a versatile blank canvas that allows them to shine in any environment. Customise Tun by choosing from a wide range of colours, with 14 tabletop options, 16 hues for the steel base, and an array of textiles to customise the upholstered base.

Tun Coffee Table works as a solo centre piece or in concert with the Tun Side Tables, which are available in two different heights. Each table offers power and data options, allowing their beautiful form to offer modern function. Ready for any type of space, the tables add a residential feel to an office setting and with a welcomed dose of playful originality.

After the tables reach the end of their long life, which is backed by a 10-year warranty, simply return them to NaughtOne via our Take-Back Programme. We'll handle the rest, making sure each of its materials make it to the right place.

## Measuring Guide

Where sustainable sources are quoted, and a chain of custody is required by a customer this must be indicated on the purchase order to NaughtOne. A chain of custody requested after an order has been placed or delivered may be difficult to recover.

Figures stated in this document may vary based on model and options selected, we have based this document on a specific example when produced in the United Kingdom. Recycled content calculations are taken from supplier information and industry averages, material variables are likely to affect the figures which may result in higher or lower percentages.

This document will be reviewed and updated periodically and is subject to change without notice.

Tun 920 coffee table with Oak veneer top and Steel base in Stone Grey.

# Product Sustainability Statement

The Tun table is available in a range of sizes and finishes but for the purpose of this document we have a specific example from the range: Tun 920 coffee table with Steel base and Oak top.

## Material Percentage Split

## CSR Statement

NaughtOne has always considered the environment throughout our design and manufacturing process. We understand that as we continue to grow, so does our potential impact on our surroundings. As most of our raw materials are simple, we have great control over their sources, and are proud to be able to offer FSC® certified upholstered products and use recycled metals in our table ranges. The addition of our North American manufacturing provision also helps to keep manufacturing miles to a minimum, as our market continues to grow in the USA. Finally, NaughtOne offers a Take-Back Programme, where the client is able to return the product to our factory, where we will be happy to breakdown and recycle the parts for you.
