### About Fold
Strong and elegant, the Fold range is carefully proportioned to provide a simple and customisable surface. Taking its name from the folded steel frame, Fold is a low statement product that can be used with any chair or bench.

### Base Finishes
- **White Powder Coated Frame**
- **Black Powder Coated Frame**
- **RAL Powder Coated Frame**

### Sizes
All dimensions quoted are rounded to the nearest 5mm or nearest 1/2 inch.

### Table Top Options
- **Forbo Lino**
  - With reverse chamfer edge: 8 colors available
  - With square polished edge: 8 colors available

### Bench Top Options
- **White / Black MFMDF**
  - Edge banded
- **Oak Veneer**
  - With reverse chamfer, polished MDF edge

### Compliance
- **SCS Indoor Advantage™ Gold Certificate**
- **naughtone is FSC® certified**
- **naughtone is FISP and ISO14001 certified**
- **Our tables are designed to meet or exceed all EN performance requirements per BS EN 15372:2016**

### Resources
- **3D visualization models**, **2D DWG and Revit files** are available for all naughtone products. Download the files from our website [www.naughtone.com](http://www.naughtone.com).

**Testing**

Our tables are designed to meet or exceed all EN performance requirements per **EN 15372:2008**, which includes the following tests:

- Edges of top rounded or chamfered, no burrs or sharp edges
- Shall not be possible for load bearing parts to come loose unintentionally
- Shear and squeeze points during use
- Stability under vertical force – Main surface
- Horizontal static load – High
- Vertical static load
- Horizontal fatigue
- Vertical impact for tables without glass

**Servicing**

If a component is damaged and needs replacing then please email our team with an image of the damaged part and reference your order number, we will be happy to facilitate any replacements.

**Warranty**

Naughtone offers a **7 Year** warranty across all products. Details on the terms and conditions of Naughtone’s warranty can be found at naughtone.com/warranty

Environment attributes
- naughtone is FISP and ISO14001 certified
- naughtone is FSC® certified
- 62.3kg total weight (Fold table 1600x800)
- 33.6% Recyclable (frame, fixings and feet)
- 66.4% Reusable (top)
- 37% Post Consumer Recycled content (top, frame and fixings)
- Packaging: 63.5% recycled cardboard 16.5% virgin fibre and protective biodegradable bubble wrap
- Indoor Advantage™ Gold ANSI/BIFMA Furniture Emissions Standard (M7.1/X7.1-2011 R2016) and ANSI/BIFMA e-3-2014e (Credits 7.6.1, 7.6.2, 7.6.3)

These attributes can help you to achieve criteria towards LEED, BREEAM, Ska and WELL building certifications

CSR Statement
naughtone has always considered the environment throughout our design and manufacturing process. We understand that as we continue to grow, so does our potential impact on our surroundings. As most of our raw materials are simple, we have great control over their sources, and are proud to be able to offer FSC®certified upholstered products and use recycled metals in our table ranges. The addition of our North American manufacturing provision also helps to keep manufacturing miles to a minimum, as our market continues to grow in the USA. Finally, naughtone offers a ‘bring back’ programme, where the client is able to return the product to our factory, where we will be happy to breakdown and recycle the parts for you.

Where sustainable sources are quoted, and a chain of custody is required by a customer this must be indicated on the purchase order to naughtone. A chain of custody requested after an order has been placed or delivered may be difficult to recover.

Figures stated in the Environmental product summary may vary based on model and options selected, we have based this document on a specific example when produced in the United Kingdom. Recycled content calculations are taken from supplier information and industry averages, material variables are likely to affect the figures which may result in higher or lower percentages.

This document will be reviewed and updated periodically and is subject to change without notice.
Every aspect of the naughtone product ranges has been designed with the environment considered, from ethical material choice and production efficacy to storage efficiency and ease of disassembly.

Dense foam sets and resilient fabrics are selected for their longevity and effectiveness across sectors. Durable high quality finishes such as powder coated bases in a range of colors allow clients the freedom of finish options. Finish samples are available allowing clients to make informed decisions and retain to add to their finish libraries for future reference.

Local supply of raw materials is employed for the production of our products when possible, procured from suppliers that are quality inspected for extraction methods and meet the highest environmental standards.

As many of our products are assembled by hand the energy expenditure wasted from machinery during the production process is kept to a minimum. All fabrics are cut to ensure optimum efficiency with fabric usage and reduced waste consumption per unit. All production sites have recycling facilities for any excess product that cannot be used elsewhere, which is then managed by a professional third party. Distribution of naughtone products generally occurs directly between the manufacturing site to the client. Production is localised when possible to the US or UK regions, reducing the carbon footprint and miles travelled for each product. Many items are flat packed for delivery or shipped disassembled with efficient, minimised packaging; optimizing the transportation vessel space.

Although our products are durable and demonstrate timeless design, naughtone products are manufactured in such a way that they can be easily disassembled at the end of life and most of the componentry can be either recycled or re-used as applicable.

As a company we are also happy to accept the return of products, to help re-home or recycle furniture or components at the end of the products useful life.
