About Megaped

With a pared down design and robust construction, the Megaped table supports large table tops. Megaped is perfectly suited for workplace meetings or large functions. The minimalistic soft square shaped base and hollow stem allows for maximum leg space and can be fitted with power and data.

Compliance

- SCS Indoor Advantage™ Gold Certificate
- naughtone is FSC® certified
- naughtone is FISP and ISO14001 certified
- Our tables are designed to meet or exceed all EN performance requirements per BS EN 15372:2016

Base Finishes

- White Powder Coated Base and Stem
- Black Powder Coated Base and Stem
- RAL Powder Coated Base and Stem
- naughtone Colors

Top Options

- Oak Veneer: with reverse chamfer, polished MDF edge
- Forbo Lino: with reverse chamfer edge
- 8 colors available

**Megaped Table Technical Specifications**

**Testing**
Our tables are designed to meet or exceed all EN performance requirements per EN 15372:2008, which includes the following tests:

- Edges of top rounded or chamfered, no burrs or sharp edges
- Shall not be possible for load bearing parts to come loose unintentionally
- Shear and squeeze points during use
- Stability under vertical force — Main surface
- Horizontal static load — High
- Vertical static load
- Horizontal fatigue
- Vertical impact for tables without glass

**Servicing**
If a component is damaged and needs replacing then please email our team with an image of the damaged part and reference your order number, we will be happy to facilitate any replacements.

**Warranty**
naughtone offers a 7 Year warranty across all products. Details on the terms and conditions of naughtones warranty can be found at naughtone.com/warranty

Measuring Guide

- **A**: Width
- **B**: Depth
- **C**: Height
- **D**: Distance from Floor to Underside Top
- **E**: Overhang of Top at Widest Point
- **F**: Splay of Base at Widest Point
- **G**: Weight
**Environment Attributes**

- naughtone is FISP and ISO14001 certified
- naughtone UK production facility is ISO14001:2015 certified
- naughtone is FSC® certified
- 55.1kg total weight
- 57.5% Recyclable (base and fixings)
- 42.5% Reusable (top)
- 42.6% Recycled Content (base, top and fixings)
- Indoor Advantage™ Gold ANSI/BIFMA Furniture Emissions Standard (M7.1/X7.1-2011 R2016) and ANSI/BIFMA e-3-2014e (Credits 7.6.1, 7.6.2, 7.6.3)

These attributes can help you to achieve criteria towards LEED, BREEAM, Ska and WELL building certifications.

**CSR Statement**

naughtone has always considered the environment throughout our design and manufacturing process. We understand that as we continue to grow, so does our potential impact on our surroundings. As most of our raw materials are simple, we have great control over their sources, and are proud to offer FSC® certified upholstered products and use recycled metals in our table ranges. The addition of our North American manufacturing provision also helps to keep manufacturing miles to a minimum, as our market continues to grow in the USA. Finally, naughtone offers a ‘bring back’ programme, where the client is able to return the product to our factory, where we will be happy to breakdown and recycle the parts for you.

**Product Specific Design Statement**

The Megaped table is available in a range of sizes and finishes but for the purpose of this document we have a specific example from the range: Megaped 1200dia with a white MFMDF top

The Megaped base, top plate and stem are manufactured from mild steel, with the stem being a thick walled tube.

The surface of the base is finished with a polyester powder coat.

The table top is made from MFMDF with the raw edge being polished and finished with a hard wearing spray lacquer.

The stem, base and table top are supplied unassembled and bolt together easily with very few fixings.
Every aspect of the naughtone product ranges has been designed with the environment considered, from ethical material choice and production efficacy to storage efficiency and ease of disassembly. Dense foam sets and resilient fabrics are selected for their longevity and effectiveness across sectors. Durable high quality finishes such as powder coated bases in a range of colors allow clients the freedom of finish options. Finish samples are available allowing clients to make informed decisions and retain to add to their finish libraries for future reference.

Local supply of raw materials is employed for the production of our products when possible, procured from suppliers that are quality inspected for extraction methods and meet the highest environmental standards.

As many of our products are assembled by hand the energy expenditure wasted from machinery during the production process is kept to a minimum. All fabrics are cut to ensure optimum efficiency with fabric usage and reduced waste consumption per unit. All production sites have recycling facilities for any excess product that cannot be used elsewhere, which is then managed by a professional third party.

Distribution of naughtone products generally occurs directly between the manufacturing site to the client. Production is localised when possible to the US or UK regions, reducing the carbon footprint and miles travelled for each product. Many items are flat packed for delivery or shipped disassembled with efficient, minimised packaging; optimizing the transportation vessel space.

Although our products are durable and demonstrate timeless design, naughtone products are manufactured in such a way that they can be easily disassembled at the end of life and most of the componentry can be either recycled or re-used as applicable. As a company we are also happy to accept the return of products, to help re-home or recycle furniture or components at the end of the products useful life.
