Eames® Molded Fiberglass Chairs and Stools

Eames Shell Chairs were originally produced in fiberglass, but the material was discontinued once concerns about its safety and sustainability arose. In 2014, we reintroduced Eames Molded Fiberglass Chairs in a safer, more sustainable, reformulated fiberglass.

**Designers**
Charles and Ray Eames

**Benefits**
- Timeless design introduced in 1950 and still in-demand today
- Two biomorphic shell shapes provide surprising comfort
- Stylish guest seating ideal for private offices, collaborative spaces, cafés, and more

**Warranty**
5 years
