

Cast LED Light

With a slim profile and optional valance, Cast LED Light is a discreet but bright addition to your cabinets. Cast saves time and money with efficient operation and attachment. The energy-efficient LED bulb provides long-lasting light and saves on energy consumption. Attaching the magnetic brackets during installation is easy, either screwing into wood cabinets or adhering to metal.

Benefits

- Slim profile
- Environmentally friendly and kind to the bottom line
- Easy installation on a variety of cabinets

Warranty

12-year, 3-shift
