Daisyone®
Multi-Monitor Arm

The Daisyone multi-monitor arm is ideal for high-density environments with lightweight screens. A quick-release control makes installation and removal fast and easy when you're ready to reconfigure.

Benefits
- Easily switches from single- to dual-screen format and to quad format with minimal cost or disruption
- Folds to a compact size, minimizing its desktop footprint
- Quick-release monitor mount supports landscape or portrait orientation

Warranty
12-year, 3-shift

Daisyone® Multi-Monitor Arm

Key Features

1. **Post Capacity**
   Up to four arms can be easily mounted on one post without additional brackets.

2. **Screen Arrangement**
   Two screens can be mounted at the same height on one post without additional brackets.

3. **Monitor Orientation**
   Monitor can be positioned in landscape or portrait orientation.

4. **Quick Release**
   With quick-release monitor attachment, screen can be removed in seconds. (The attachment also has a standard security feature.)

5. **Mounting Options**
   Wall-, slatwall-, and desk-mounting options are available.
