

Logic Power Access Solutions™

At Herman Miller, we believe that for people to do their best work, technology should be human-centered, easy to use, and seamlessly integrated throughout the workplace. Logic achieves this by fostering intuitive connections between people and technology. Its simple design blends into any surface and offers a consistent experience across the office landscape. Everything about Logic is exactly as it should be—so natural to use that you'll almost forget it's there.

Designer

Brian Alexander

Key Features

- 1. AC Outlets**
Spaciously placed AC outlets alternate in orientation, accommodating a wide variety of plug styles and charger types. Available in three different sizes and six outlet orientations.
- 2. USB outlets**
Dual USB outlets have enough power to charge two tablets.
- 3. Cable Keeper**
Built-in cable keeper with grommet option and cable pass-through on clamp option makes connections available when needed.
- 4. Cable Organizer**
Under-mounted cable organizer keeps cable clutter out of sight and is accessible above or below the surface.
