## Magis Chair First

### Designer

Stefano Giovannoni for Magis

### Original Production Date

2007

### Design for the Environment

0% recycled content; 100% recyclable

### Warranty

2 years

Designer Stefano Giovannoni takes air-molding technology to the next level, creating a sophisticated, streamlined profile on a seat that is formed from a single piece—making it the first three-dimensional plastic chair. Stackable, sturdy, comfortable, and lightweight, it's available in eight colors. Sold in sets of 4.
