Designer

Naoto Fukasawa for Magis

Original Production Date

2007

Design for the Environment

18% recycled content; 100% recyclable

Warranty

2 years

Naoto Fukasawa's goal with this chair was to create a design that could "entwine with people's actions and with the environment, too." The result is a retro yet contemporary dining or side chair. A wide array of choices for the frame, outer back, and legs will enhance a range of environments.
