## Mattiazzi Chiaro Chair

### Designer

Leon Ransmeier for Mattiazzi, 2014

### Original Production Date

2014

### Warranty

2 Years

Simple, bright, and confident, the Chiaro Chair is an everyday stacking chair. Chiaro, which means “straightforward” or “clear” in Italian, reflects the design’s modest character and the designer’s distilling of the form to the essence of what a chair should be—familiar, comfortable, and beautiful. Chiaro’s uncomplicated character also shows through in the chair’s construction. Connections between parts are direct and efficient; the structure under the seat resulted from a need to simplify the joinery while reducing the number of parts. Available with or without armrests, the chair comes in natural waxed oak and in natural waxed ash in several color finishes.
