## Mattiazzi Primo Chair

### Designer

Konstantine Grcic for Mattiazzi

### Original Production Date

2017

### Warranty

2 years

Konstantin Grcic wanted to give his Primo Chair a strong, architectural presence, so he made the legs assertively vertical. Then he stripped the form back to its essence to create a stackable chair that's stunning in its simplicity. A gracefully curved back perfectly tempers this austerity. As a result, the Mattiazzi Primo Chair stands alone boldly and self-assuredly, even as it's designed to be used in groups.
