**Herman Miller Collection**

**Nelson™ Swag Leg Work Table**

**Designer**
George Nelson

**Original Production Date**
1954

**Warranty**
5 years

“Swaging”—the use of pressure to taper and bend metal tubes—is the integral technique behind the distinctive profile of this classic work table by George Nelson. A rectangular surface in walnut veneer or white laminate tops the base’s elegant curves, offering plenty of space to spread out papers and tools in the office or at home.
