

# Nemschoff® Behavioral Health Seating

Research with leading behavioral health facilities led to the development of Nemschoff Behavioral Health Seating. The collection consists of two seating styles: Nemschoff Marsack Behavioral Health Multiple Seating and the Nemschoff High Use Behavioral Health Side Chair. The former is plush lounge seating with a residential feel, while the latter combines simple style with practical features. Both meet the unique safety and security needs of inpatient and outpatient treatment centers.

## Benefits

- Two seating styles designed for treatment centers devoted to behavioral health care
- Special features engineered to support patient and caregiver safety
- Use both styles alone or together in lounges, group areas, and patient rooms

## Warranty

12-year, 3-shift

## Key Features

### 1. Spring Seat Construction

Suspension system provides uniform support and keeps upholstery from puddling

### 2. Sealed Underside

The underside of all Behavioral Health Seating is sealed to prevent concealment of objects

### 3. No Exposed Hardware

Both the multiple seating and side chair have no exposed hardware that could cause injuries

### 4. Tamper-Resistant Glides

Glides on the base of all seating are engineered to protect floors and resist tampering

### 5. Heavy Weight

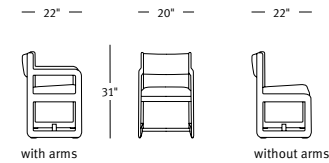

Multiple seating is too heavy to easily move and can even be mounted to floor

### 6. Proprietary Finish

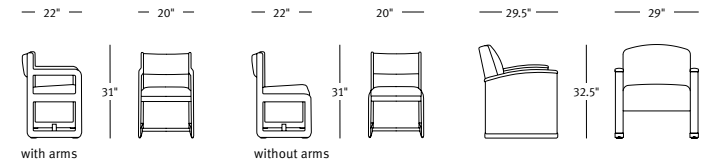

Entire frame of side chair is coated with a tough finish formulated to resist damage
