

Nemschoff® Iris Lounge Seating

With its high back and sloped sides, Nemschoff Iris Lounge Seating brings a distinctive residential flair to public settings. The tower-like back and soft curves combine to achieve an eye-catching style that works especially well in spaces where high visual appeal is important. Available in chair and settee versions, Iris is part of the Nemschoff Classics Collection of seating and tables. All items in the collection are updated interpretations of mid-century designs originally released in 1959.
