

Nemschoff® Meridian Seating

Meridian Seating offers comfortable and supportive seating without sacrificing style. Featured in the line are an armchair, plus chair, and multiple seating—giving a variety of options to the broad line of Meridian solutions. These provide a cohesive aesthetic throughout healthcare facilities. A solid hardwood frame combines durability with a sense of hospitality. Optional standard wood arm or optional urethane arm cap allow for comfort and durability on the armchair and plus chair, while multiple seating is available in different widths to accommodate a variety of body types.

Designers

Jon Eells

Benefits

- Solid hardwood frame combines durability with a sense of hospitality
- Open or closed arms provide design choice
