

Nemschoff® Palisade™ Flop® Sofa

The Palisade Flop Sofa encourages family and friends to support the healing process by making them feel welcome in patient rooms around the clock. During the day, it's a comfortable sofa. At night, the back cushion flops down, converting the sofa into a sleep surface. Built-in table and technology options make the Flop Sofa even more responsive to guests. The Palisade Flop Sofa is part of the comprehensive Palisade Collection of healthcare furniture for patient rooms and waiting areas.

Designer

Jess Sorel

Benefits

- Back cushion transitions between sitting and sleeping without the aid of a mechanism
- Utility arm provides a place for personal items and an optional pop-up port for power and USB
- Adjustable table makes it even more useful by adding a space-efficient work surface

Warranty

12-year, 3-shift
(table mechanism: 5-year)
