

Nemschoff® SleepOver® Seating

Nemschoff SleepOver Seating invites guests to extend their stay in patient rooms, converting from a seat during the day to a bed at night. The collection consists of three convertible pieces—the SleepOver 1-2-3 Chair, the SleepOver Bench, and the SleepOver Flop Sofa. All require just one person to change from a seat to a bed, and none use any type of mechanism to facilitate the switch. Concealed storage for linens or personal items is built into all SleepOver Seating.
