

Ode® Lamps

Poetic in their simplicity and elevated in their attention to detail, Ode Lamps shine a light on the moments we spend together. The Ode family of accent lighting includes table lamps, freestanding floor lamps, and surface-integrated lamps that can be mounted to a variety of surfaces, such as countertops, credenzas, or refreshment centers. Soft, anti-glare LEDs and spun steel shades create a pool of diffused illumination, appealing to our instincts to come together around light.

Designers

Sam Hecht and Kim Colin

Benefits

Statement of Line Overview

Key Features

- 1. Intuitive Function**
Touch technology lets you grasp any part of the lamp's stem to turn the lamp off or on, or to dim the light.
- 2. A Complete Family**
Freestanding Ode Lamps are available as table lamps and either sofa- or standing-height lamps. Surface-integrated lamps are available in two heights and can be mounted to surfaces like countertops and credenzas.
